Message from the President

Dear Members

Welcome to another new year in our Club's history. The AGM this year brought me a great deal of joy, honour and happiness. Joy of having being elected a Life member and the honour to join the elite list. Thank you to all of you for your support and the appreciation of my years in your CLUB. The happiness comes from seeing that many members are very interested in serving on the Club committee.

Firstly, thank you for re-electing me as your President and voting for a very enthusiastic and dedicated Committee. Sid, Andy, Colin and Ruvan have worked closely with me in last year's Committee and their continued support will be a great benefit. Egerton and Norman, who have been committee members in the past, will enrich the Team with their past experiences. A welcome to Herby who has helped to organise many events last year, is now more committed as Vice president. Ingrid as Secretary now plays an important role as the scribe and organiser, while Pauline and Marie as Committee members will be a strong force in the catering field. Finally Stephanie the youngest member of our committee will be an able assistant to Ingrid and Preethi is our Newsletter coordinator and producer. This is your committee so please do not hesitate to speak to them and discuss any problem you may have, as they are prepared to serve you.

I would like to record my appreciation for the excellent work done by the outgoing Committee members specially our super efficient Susan ably assisted by Neela, hard working Neville, David a champion of our accounting system, Ben for his caring ways, not forgetting Marie and Claude. A big THANK YOU, without their services in the past year, 2007 would not have been a successful one.

Your Club has an interesting Calendar of events, which is featured in the Newsletter. The next important event is the annual CAMP. The Camp Coordinators are planning a very entertaining weekend. So rush in your applications to ensure you don't miss the opportunity to have an exciting and fun filled weekend.

One very special event to come is the 38th Anniversary Dance on 24th May 2008 (refer to Flyer). This is a MUST in your Calendar as we have dinner by one of the finest Chefs, fantastic music by one of your favourite DJ's, cabaret spots by a new exciting Band and an ex Australian Idol as a solo artiste. We assure you of a wonderful evening of dining and dancing, prizes and raffles and look forward to your presence.

In conclusion, I hasten to add that we the committee request your support as this is your Club and together we can make our Club a great place to mix, greet and enjoy delightful friendships and savour good comradeship.

Looking forward to meeting you soon.

*Cheers
Davenal*

CAMP REMINDER

The Annual Camp will be held at Lake Perseverance from 24th—27th April. Due to the popularity of the Camp and to avoid causing members any stress or anxiety, it has been decided that **only completed booking forms by mail, with full payment**, will be accepted. This will be on a **“First Come First Served Basis”**. Priority will be given to current financial members. The booking form is on page 6.

Unless booked out earlier, bookings close on Monday April 14, 2008.

Club Chatter: Our Sri Lankan visitor compares the good old Mount Mary dances to our Club functions. We are of course talking about **Bridget De Silva**, whose late husband Conrad was a Railway engine driver. Bridget enjoyed the Valentines Night Dance so much that brought back good old memories. She is the eldest sister of Beatrice de Fransz. A short trip to Australia was mainly to participate in the Australian Citizenship Ceremony of her daughter Geraldine, son-in-law Chamath and 2 grandsons. She leaves for Sri Lanka in early April.

Mrs Daphne Ephraims, wife of founder member and life member Leslie Ephraims is recovering from knee surgery. We wish her all the best for a speedy recovery and hope to see her soon at our functions.

ANNUAL GENERAL MEETING REPORT

The 37th AGM was held on 15th March 2008 at the Itacha Bowls Club. The meeting commenced at approximately 7 p.m. A two minute silence was held for the members who died during the year.

The Minutes of the last AGM and the Management report was distributed to members so that members could have an opportunity to read the reports and request any corrections at the meeting. However there were no amendments to the minutes of the 36th AGM and the management report for the year.

The Accounts of the Club were then reviewed. The Treasurer informed the members of the status of the accounts and any areas of concern. A few questions from members were clarified. A point to note was that the format had changed this year to conform to the previous years as last year's accounts did not conform to the presentation that was used in the previous years. The 2008 format made the accounting items easier to understand, however a detailed comparison of activities between the last year (2007) and the current year (2008) was not possible due to the different format used last (2007) year. Another point of interest was that the Club had decided to use the Accountants E.J Sinclair & Co as Auditors after a lapse of one year on the advice of our Treasurer.

The next item on the agenda was the resignation of all sitting Committee members and the election of Leslie Ephraims as Pro-tem Chairman. The President thanked the committee members for the excellent work that each of them had contributed to the running of the Club in the past year and that they should be proud that the Club had gained more members and managed to maintain the costs within the budget.

Leslie then mentioned to the members that an Agenda item in regard to the election of a Life member should be conducted before the election of the new President. Then Leslie advised the members of the potential candidate and David Thambyah proposed and Susan Fahir seconded the name of Davenal Flanderka as Life member. All members voted in favour and Davenal thanked the members for their support and the honour bestowed upon him.

The voting of the new President and the committee then commenced. Many of the committee positions were not contested, as there was only one nominee for each position. The names of the new committee are as follows:

President: Davenal Flanderka

Vice Presidents: Sidney Sheddon
Herbert Tucker

Hon Secretary: Ingrid Keegel
Asst Secretary: Stephanie Omar

Hon. Treasurer: Andy Weerasinghe
Asst Treasurer: Egerton de Fransz

Club Captain: Colin Kellar

General Committee: Norman de la Harpe
Ruvan Dharmaratne
Marie Kellar
Pauline Sheddon

The formalities of the AGM having been concluded, Aruni and Gerard provided music for dancing. The delicious dinner supplied by Jeremy was par excellence.

The evening ended at about 11.30 p.m.

Joke Corner

During the last England Tour, a British couple went to Sri Lanka, to watch the Test matches. While in Kandy, they came across a restaurant called "Steak House", and were happy to have a steak after having lots of rice and curry meals earlier when they were in Galle for the First Test.

While sitting and waiting to be served, they noticed most of the customers having spicy food. So, the tourist, Collins, called up the waiter and asked for two steaks with potato chips

The waiter replied: "Sorry sir, we do not sell steak here". Collins then said "How come you call this place "Steak House" when you don't sell steak".

The waiter replied, "Sir, we have an ELEPHANT HOUSE in Colombo and they don't sell Elephants."

Gardening with Bob...

Paw Paws" (or 'Papaws' as we call them in Sri Lanka, remember?) are peculiar in that they grow as male plants, female plants or hermaphroditic plants. (Hermaphrodite = having male and female sex organs). Male plants do flower but do not produce fruit. The flowers have only the male reproductive flower parts. Female plants must have a male plant in fairly close proximity so that insects can pollinate their flowers, as they have only the female reproductive flower parts. Once fertilised or pollinated they will then produce fruit. The hermaphroditic plants have male AND female flowers on the same plant. These flowers self-pollinate on the same plant and will produce fruit. Hermaphroditic plants do also cross-pollinate with other male and female plants. The complicated life of the Paw Paw !!

I have received a 'flyer' from one of my plant suppliers to Roma Street Parkland which I reproduce below. It says that 'hermaphroditic' plants are now available for sale. This means that planting just one plant in one's garden will suffice, without bothering about whether it is going to grow up as a male, female or hermaphrodite. I have no personal experience with these new plants but have just planted one of each type in the flyer in my garden at home and will judge for myself in due course.

I think it grossly unfair ... don't you? ... that only some plants and some lower animal life (slugs, snails, some sea creatures and so on) enjoy the benefits of both male and female sex! Wouldn't it be great if we humans could enjoy the thrills of both male and female sex ??? We wouldn't have marital problems then, would we !! No need to get married !! Maybe we will be born as a Paw Paw or Slug or Snail in our next life !!!

Red Army & Gortek F1 Paw Paw papaya

www.highsun.com.au Ph: 1300 137 584 Fax: 1800 644 015

Available as Plugs & Seed

Gortek:

A bisexual papaya hybrid variety with South East Asian type.

All plants bear fruits.

Female fruits are slightly round, hermaphrodite fruits are oblong.

Average fruit weight is approximately 1.5-2kg.

The flesh is yellow to light orange, with very strong flavour and has a high sugar content of 14%.

Flesh is rather firm.

Intermediate tolerance to papaya ring spot virus.

Gortek

Red Army:

Early, vigorous, productive and tolerant to papaya ring spot virus.

Plants start to bear fruits at 80cm in height and can bear over 30 fruits per plant at each fruit setting season.

Fruits are short-oblong on female plants and rather long shaped on bisexual plants, weighing about 1.5-2kg.

Flesh is thick, red, 14% in sugar content and aromatic.

Good shipper.

Red Army

From the Kitchen.....

Couscous Pittu

1 cup Couscous
1 cup Desiccated Coconut
¼ cup Rice Flour
2 cups Water
Salt

Method:

- Mix couscous with water and salt, cover and let stand for an hour.
- Mix coconut and rice flour into couscous.
- Grease coffee mugs, place mixture into mug and microwave on high (4-6 cups=8mins)
- If the mix tends to crumble after cooking, then tap cup to compress and sprinkle few drops of water on top.

CHRISAUS FOODS

140 Bellspocket Rd STRATHPINE 4500

An excerpt from a Tribute to Sir Arthur C. Clarke

Rohitha Bogollagama Minister of Foreign Affairs

As I started to pen these lines of tribute in memory of that visionary genius Sir Arthur C Clarke, who slipped away from our midst last week almost unobtrusively, my mind instinctively flashed back to the ceremony held on 16th December 2007 at the Central Bank Auditorium in Colombo to mark his 90th birthday.

President Mahinda Rajapaksa was on hand to personally greet Sir Arthur and preside over that grand ceremony, befitting his stature and fame. President Rajapaksa decided that Sri Lanka should honour Sir Arthur for his monumental contribution to humanity in the fields of science and literature and his selfless service to our nation.

The officials and staff of the Foreign Ministry organized this magnificent event under state patronage at short notice - 10 days to be exact. We were privileged to host the Russian cosmonaut Alexei Leonov, the first man to walk in space, a personal friend of Sir Arthur for 40 years, and eminent scientists such as Dr. Michael Zolensky from the NASA Johnson Space Center, Houston, Dr. Sarath Gunapala, Senior Research Scientist at the NASA Jet Propulsion Laboratory in Pasadena, Professor U R Rao, Chairman, Physical Research Laboratory of the Indian Space Research Organization (ISRO) and Dr. Sajid Mirza, member of the Space and Upper Atmosphere Research Commission (SUPARCO) of Pakistan.

Sir Arthur was a man of many parts with diverse interests and talents. He shot to worldwide fame with his accurate prediction of the advent of the communications satellite, way back in 1945 at a time such ideas were dismissed out of hand as fanciful and far-fetched. Sir Arthur's passion for undersea exploration brought him to Sri Lanka in the early 1950s and in 1956 he decided to settle down in the island. He founded his diving company, "Underwater Safaris Ltd" in 1959 thus introducing professional diving and underwater tourism to Sri Lanka.

Sir Arthur would perhaps be best remembered internationally as a science-fiction writer, par excellence. Sir Arthur through his eminently interesting books which captivated and enthralled millions of readers of all age groups across the world, popularized science-fiction as a distinct genre in literature.

His avid interest in films was apparent as early as 1962 when he financed the production of the first full length Sinhala colour feature movie "Ranmuthuduwa".

Sir Arthur shared an Oscar nomination in 1969 with the renowned Hollywood movie director / producer Stanley Kubrick for his screenplay of "2001: A Space Odyssey" Sir Arthur delighted his local fans in his cameo performance as Leonard Woolf, playing the role of a magistrate in "Beddegama", the 1978 Sinhala movie adaptation of Woolf's celebrated book "A Village in the Jungle", directed by Dr. Lester James Peries.

Sir Arthur was an indefatigable campaigner for nature conservation and various environmental causes. He was a vocal crusader to protect Sri Lanka's coral reefs, which were being threatened by illicit mining and was instrumental in persuading the Government to declare Hikkaduwa as the country's first marine sanctuary. He lent his voice to the campaign to save the island's elephants from extinction, as well as calling for the use of renewable source of energy.

In fact, the second of his three wishes, which he expressed on his 90th birthday, was his earnest desire for humanity to give up its addiction to oil and adopt clean energy sources. He said "Climate change has now added a new sense of urgency. Our civilization depends on energy, but we cannot allow oil and coal to slowly bake our planet."

Sir Arthur was decorated with many prestigious honours and accolades by his adopted homeland. In 2005, he was conferred the highest civilian award - "Sri Lanka Abhimanaya" (Pride of Sri Lanka) for his exceptionally outstanding and most distinguished service to the nation. In the same year, the National Arts Council bestowed on him the "Sahithyaratna" (Gem of Literature) lifetime achievement award and in 1986, the President awarded him the title "Vidya Jothi" (Luminary of Science).

Speaking on the occasion of Sir Arthur's 90th birthday celebration, President Mahinda Rajapaksa promised Sir Arthur that his government would do its utmost to make a reality of the last for his three birthday wishes, namely to establish lasting peace in Sri Lanka. However, as Sir Arthur himself acknowledged "But I am aware that peace cannot be just wished - it requires a great deal of hard work, courage and persistence".

Through his life and work, Sir Arthur touched the lives of the entire humanity and had carved out a niche for himself in posterity.

As a science-fiction icon, his place in history is assured; for Sri Lanka and her people whom he deeply loved, Sir Arthur's demise has left a void that is hard to fill. His service to the nation will however remain forever etched in our annals.

THANK YOU.
We couldn't have come this far without you.

Save Trees – and save yourself money
 I have been concerned for many years about how we waste paper by buying notebooks which are soon used up and by making notes, shopping lists, reminders, etc., on good paper which we then throw away.
 Also, notes on scraps of paper, or on old envelopes, often get lost.
 To help, I have invented an everlasting notebook. It uses specially treated paper and a special pen so you can write in it and then erase with a damp cloth (we supply the pen and the cloth!). This means you can reuse, and reuse, and reuse.
 The notebook has sections for Shopping, To do, Birthdays and other important dates, and appointments – plenty of room to record and remember all those important facts, times, and dates. There are even blank pages in case you want to draw pictures or diagrams.
 Today is a good day to start caring for the environment and saving trees!
 There are three models of *My Everlasting Notebook*. The **Standard Edition**, a **Deluxe Version** and a smaller **Pocket Edition** all made in Australia.
 All the details are on the internet and you can order online or contact me.
 The website is <http://www.myeverlastingnotebook.com/>
